SCOPE OF WORK:

Koontz Electric Company Inc. (KECI) was awarded KORTES POWER PLANT STATION SERVICE REPLACEMENT on July 22, 2015 by the Bureau of Reclamation. The project is located at the, approximately 30 miles northeast of Sinclair, Wyoming, in Carbon County and approximately 64 miles Southwest of Casper, Wyoming.

KECI's primary responsibilities for this project will include removing and replacing AC and DC electrical distribution equipment, conductors, cables, cable trays, raceways, as well as removing six 120V motor/heater control circuits and replacing with control power transformers (CPTs).

In addition, KECI will also utilize core drilling for the new raceways and provide all critical plant equipment and protective relaying with temporary power. KECI shall remove and dispose of concrete debris, equipment containing asbestos, and/ or hazardous material coatings.
