U N D E R C O N S T R U C T I O N

SCOPE OF WORK:

This project is for the design and build of all equipment, materials and construction for the replacement of the operating tower switchboard gear, tainter gate control cabinets, tainter gate power feeders and conduits at Table Rock, Bull Shoals, and Norfolk Dams.

The Base bid includes all design and construction activities, equipment, installation and materials for the design and construction of a replacement operating tower switchboard, tainter gate control cabinets and tainter gate power feeders at Table Rock, Bull Shoals, and Norfolk Dams. Asbestos analysis and abatement are also part of the base bid.
