**AWARDED / CURRENT CONTRACT AMOUNT:**

\$6,303,532 / \$6,303,532

**SCOPE OF WORK:**

Hurricane rehabilitation project for Gulf Coast Regional Wastewater Authority, now named Jackson County Utility Authority. Mobilized (1) month after landfall and manned for (7) days a week for (14) months.

Work included the repair of (4) wastewater plants and (17) pump stations. Scope of work included furnishing and installation at the various site locations of - generators, switchgear, lighting panels, power panels, variable frequency drives, controls panels, annunciator panels, lightning protection, lighting, auto dialers, recorders, floats, and level transmitters. In addition, new raceways were added and all new wire was pulled to all of the new and existing equipment.

Work also included keeping the plants operational during the length of the job while installing new equipment with minimum outages (lasting no longer than (4) hours).
