SCOPE OF WORK:

Koontz Electric Company Inc. (KECI) was awarded the REPLACE SWING SPAN in March of 2015. KECI will work with Osage Construction Company Inc. (OCCI) through project completion. The project is located along the *Bayou Des Allemands*, which is the boundary of Lafourche and St. Charles parishes.

KECI's primary responsibilities for this project include the following:

- Includes submarine cables. OCCI to dredge the bayou and KECI will assist OCCI in the installation of wire.
- Includes demolition of all existing electrical items.
- Includes temporary power for the navigational and signal cabinet.
- Includes all required grounding.
- Includes all required lightning protection.
- Includes all required electrical panels, disconnect switches, starters, and drives.
- Includes emergency generator, ATS switch, and all required fuel.
- Includes all required conduit, fittings, and wire.
- Includes furnishing of all motors, brakes, and resistors.
- Includes the bridge control system. This includes all required control panels, PLC's, limit switches, and encoders.
- Includes all navigation and pier lights.
- Includes all required testing and startup.
- Includes all electrical items within the new control house.
