SUB CONTRACTOR:

Koontz Electric Company, Inc.
1223 E Broadway
Morrilton, AR 72110
Bryce Koontz
501-354-2526 ext 115

START / COMPLETION DATE:

January 2010 / August 2011

Contract Amount:

\$1,361,842

SCOPE OF WORK:

This project includes installation of LED roadway lighting, and a complete LED Aesthetic lighting system on Little Rock's new Pedestrian/Bicycle bridge. This LED lighting system is controlled by a programmable computer system and can change the color output of each fixture independently. This new trail will connect with the Big Dam Bridge's walking path. KECI will also install a new CCTV camera system across the bridge. This project includes a custom control panel, fabricated in house by KECI, for the CCTV and LED controls. Features of work includes installing conduit, wire, manholes, handholes, lights, cameras, panels, steel awning, and lighting poles.
